# PERFORMANCE AT A GLANCE

# Letter of Transmittal

The valued all Shareholders of  
APPOLLO ISPAT COMPLEX LTD.  
Bangladesh Securities and Exchange Commission  
Registrar of Joint Stock Companies & Firms  
Dhaka Stock Exchange Ltd.  
Chittagong Stock Exchange Ltd.

**Sub: Annual Report for the year ended June 30<sup>th</sup>, 2019**

Dear Sir(s),

We are pleased to enclose a copy of the Annual Report of APPOLLO ISPAT COMPLEX LTD. together with the Director's Report, Audited Financial Statements including Balance Sheet as on 30<sup>th</sup> June 2019, Cashflow Statement, Statement of Changes in Equity for the year ended June 30<sup>th</sup>, 2019 and Auditor's Report thereon for your kind information and record.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'SK. Abul Hassan', is written over a set of horizontal lines. The signature is bold and stylized.

**SK. Abul Hassan**  
Company Secretary  
APPOLLO ISPAT COMPLEX LTD.

# NOTICE OF THE 25<sup>TH</sup> ANNUAL GENERAL MEETING

Notice is hereby given that the 25th Annual General Meeting of the shareholders of Appollo Ispat Complex Ltd. will be held on Thursday, December 19th, 2019 at 3:00pm at Factory Premises- Shimrail, Siddhirganj, Narayanganj to transact the following business:

## A G E N D A

1. To receive, consider and adopt the Audited Financial Statements of the company for the year ended 30th June 2019 together with the Director's Report and the Auditor's report thereon.
2. To elect/re-elect the Directors of the company.
4. To appoint the Auditors of the company for the year 2019-2020 and fix their remuneration.
5. To approve the appointment of Managing Director.
6. To appoint Compliance Auditor for the year ending 30 June 2020 and to fix their remuneration.
7. To appoint Independent Director.

Dated: December 19, 2019

By order of the Board

**SK. Abul Hassan**  
Company Secretary  
(Current Charge)

### Notes:

- Shareholders whose names appear on the share register of the company or in the depository register on the Record Date, i.e. 4th December 2024, will be entitled to attend the AGM and receive the dividend.
- A Shareholder entitled to attend and vote at the meeting may appoint a proxy or proxies in his/her stead and forms of proxy must be lodged at the company's factory premises Shimrail, Siddhirganj, Narayanganj.

**Special Note: In compliance with the Bangladesh Securities and Exchange Commission's direction, No Gift Box or Food will be distributed at the Annual General Meeting.**

## VISION

1

**Is to become the market leader by providing customer satisfaction in terms of product, quality, economic price, and services.**

## MISSION

2

**Our mission is to escalate the standard of living by providing shelter for all in the country with innovative business**

SHIELDING THE FUTURE

## COMPANY PROFILE

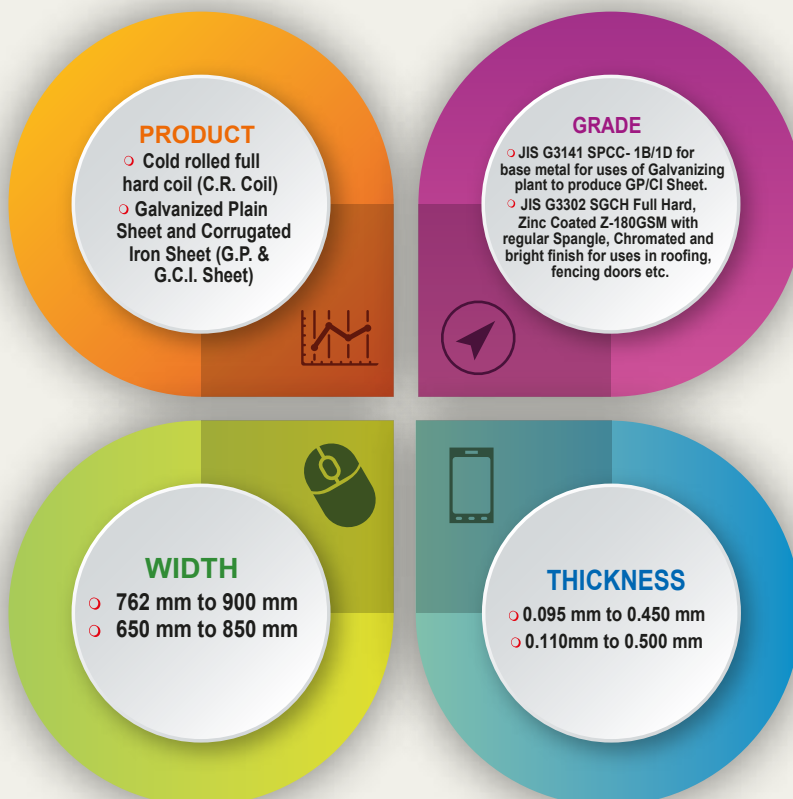

Appollo Ispat Complex Limited (hereinafter referred to as AICL) was incorporated on December 31, 1994 as a Private Limited Company vide certificate no C-27547(1393)/94 under the Companies Act 1994. Thereafter, the Company has been converted into a Public Limited Company on March 30, 2010. The registered office of the Company is located at 407 Tejgaon Industrial Area, Dhaka- 1208. Its factory is situated at Shimrail, Siddhirgonj, Narayangonj, only 14 km, away from Dhaka. The project area is comprised of 16.75 acres of land. The Company went into commercial production in its 1st CGL in early July 1997 and 2nd CGL in early 2002 and Cold Rolled Manufacturing unit in January 2005.

Initially the Authorized Capital of the Company was Tk. 1,000,000,000/- divided into 10,000,000 ordinary shares of Tk. 100/- each. Subsequently, the Company changed the face value of shares from Tk.100/- to Tk.10/- each and increased its Authorized Capital to Tk. 500,00,00,000/- divided into 50,00,00,000 ordinary shares of Tk. 10/- each on March 30, 2010. Paid up capital as on June 30, 2019 of the company is Tk.401,30,86,000/- divided into 40,13,08,600 ordinary shares of Tk.. 10 each. Appollo is the pioneer in CI sheet business in Bangladesh. It started its journey by establishing modern and sophisticated Continuous Galvanizing Line (CGL). Today, Appollo is much ahead by producing its own raw materials at its own art-of-the-state Cold Rolling Mill and established itself as one of the largest CI Sheet manufacturing in the country. The entire production facilities are highly sophisticated, operated by a group of skilled technician and managed by a resourceful management team. With the best precession Japanese technology, sincere and skilled human resources, the company is proudly producing the best quality CI sheets for the country. The company maintains high standards in its manufacturing process and ensures quality as per international standards such as ASTM, JIS, SI & BS. The reputed trading base and quality product help the company to achieve a large marketing network around the country. The products are primarily marketed in C.I. Sheet form in rural and semi-urban areas of Bangladesh under its popular brand **“Rani Marka”**.

Appollo is going to start a high quality NOF (RTF technology) Galvanizing plant. NOF plant produces environment friendly shiner CI sheet that looks better and catch consumer attention from the distant. Shiner roof views are still used as a symbol of aristocracy in rural areas. NOF products can command a premium price over regular CI sheets. Moreover, as no acid and led is used in the manufacturing process, the products are environment friendly.

## Nature of Business

The company is engaged in manufacturing and selling of CI (Corrugated Iron) sheet of different thickness, ranging from 0.120 mm to 0.420 mm, which is marketed mainly in rural and semi-urban areas of Bangladesh under its well established brand “Rani Marka”. The details of the product and production process are as under:-

APOLLO ISPAT COMPLEX LTD.

# PRODUCTS AND MARKET

Galvanization is the process of applying a protective zinc coating to steel or iron to prevent rusting. The most common method in sheet metal fabrication shops is hot-dip galvanizing. This is the process of submerging metal parts in a bath of molten zinc to protect the metal.

This protection occurs in three different ways:

- ❖ The zinc coating, when intact, prevents corrosive substances from reaching the underlying steel or iron.
- ❖ It acts as a sacrificial anode, which is the main component of a galvanic cathodic protection (CP) system used to protect buried or submerged metal from corrosion. This means that if the coating is scratched, the exposed steel or iron will be protected by the remaining zinc.
- ❖ The zinc protects its base metal from corroding or rusting.

The manufacturing process of such sheets starts from lifting Iron ore from mine and processing it to slab through a series of process and treatments and then pressed to convert it into H.R. Coil (Hot Rolled Coil). HR coils are then 'cold rolled' into C.R. Coils before it is hot dipped, galvanized and corrugated (at a Continuous Galvanizing Line- CGL or Non –Oxidizing Furnace –NOF) into what we know as Corrugated Iron Sheet (C.I.Sheets)

## VARIOUS USES OF CI SHEET

- ❖ Residential use: CI sheets are used for roofing, side and peripheral fencing purposes. It is the preferred product for residential construction in villages and shanty towns in Bangladesh due to their cheaper price compared to traditional bricks and brick tiles.. A house made using CI sheets in rural areas and shanty towns used to signify affluence and that mode of thinking still exists today.
- ❖ Industrial use: Industry owners use CI sheets for roofing of new factories, warehouses and sheds. CI sheets are also used for the fencing of factory area. Industrial users prefer it due to the cheaper price
- ❖ Agricultural use: CI sheets are used for roofing cow sheds, roofing and side fencing of poultry farms and fencing of agricultural projects.
- ❖ Construction use: CI sheets are used for fencing around the construction area and as construction materials.
- ❖ Shopkeepers/Traders use it for roofing of small shops, shutters etc.

# FEATURES :

- ❖ Attractive look
- ❖ Can be fabricated and erected with immense ease
- ❖ Excellent insulation
- ❖ No cold bridging
- ❖ No tear-off or wear-off
- ❖ Anti-corrosion
- ❖ Easy to install, and it requires less time
- ❖ Provides proper ventilation
- ❖ The sheets have standard thickness that allows no leakage
- ❖ Extremely weatherproof and hence doesn't allow sun rays, wind
- ❖ Is fitted quickly and simply
- ❖ Owing to galvanized surface, these are good finish and shining
- ❖ Low heat conductivity
- ❖ Available at reasonable cost

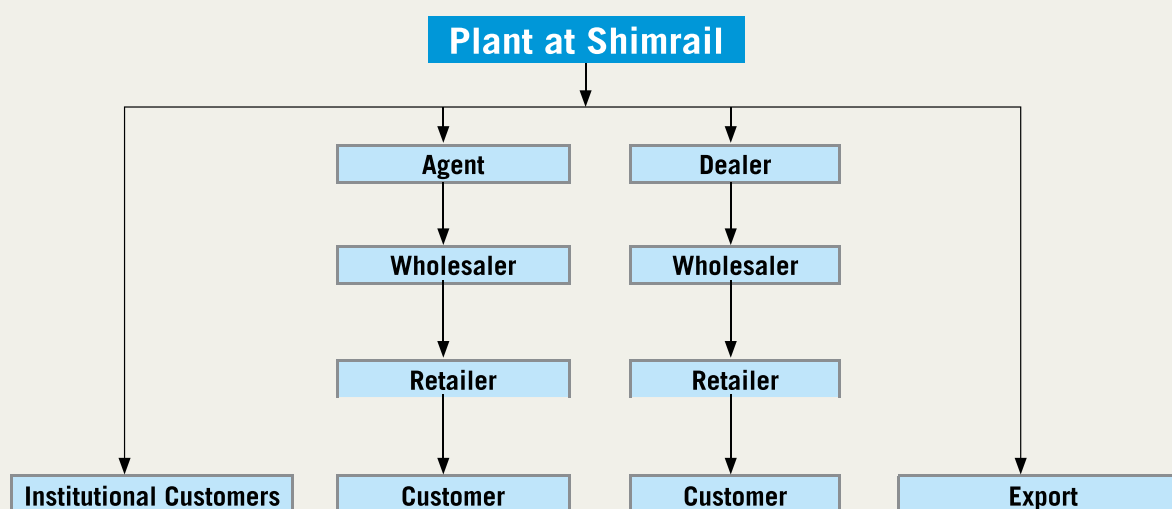

**AREA WISE MARKETING GRAPH:  
APPOLLO RANI BRAND C.I. SHEET**

Appollo Ispat Complex Ltd. marketing its product in the brand name of “Rani Marka”. At present it is producing C.I. Sheet of “Rani Marka” brand of following sizes & thickness

THICKNESS	SIZES (feet)				
0.120 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.130 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.140 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.150 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.160 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.170 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.180 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.200 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.220 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.240 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.250 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.260 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.280 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.340 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.360 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.380 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.400 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.420 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3
0.450 mm	6 x 3	7 x 3	8 x 3	9 x 3	10 x 3

Other than the corrugated iron sheet, Appollo Ispat Complex Ltd. also produces ridges of above thickness

By dint of superior quality products and total team work of its human resources, Appollo Ispat Complex Ltd. is experiencing remarkable growth of share in its market. Its products are mainly purchased by rural people for their shelter purpose while many NGOs, foreign missions/embassies, international organizations and urban people are also the regular customers. Appollo Ispat Complex Ltd. has a countrywide network of sales.

The company sells its product to Agent / Dealer on ex-factory basis. The Dealer / Agent through their nominated logistics provider lift the C.I. Sheet from factory and store in their own warehouse in their respective areas for onward distribution.

The wholesaler / retailers collect the C.I. Sheets from their respective Agent / Dealers on ex-warehouse basis and bring those CI sheets to their shops/outlets where from they sell it to final consumers. Other than above customers, the institutional customers buy the product directly from Company's sales office. Sometimes, Appollo also participates in tender for supply of C.I. Sheet to various government, non-government and international agencies. Besides serving the local market, Appollo Ispat Complex Ltd. is trying to export its product in the International market which is in progress. The types of customers can be classified as follows

- ❖ Rural People, for roofing of their houses through wholesalers or retailers
- ❖ Urban people, for roofing of house through wholesalers or retailers
- ❖ New and old industries for roofing of their industries
- ❖ Shop owners / trading concern for roofing their shops
- ❖ NGO, international agencies, embassies/ foreign missions for their development program / distributing among poor.

## QUALITY CONTROL

Appollo Ispat is committed to supply the best quality steel in domestic as well international market as per internationally accepted quality norms. Appollo has got ISO 9002 certificate and maintains following quality standards:

- ❖ Procure Hot Rolled Coils from reputed suppliers in the world.
- ❖ Test each and every Coil for its Chemical Composition and random checking of Physical and microscope Structure.
- ❖ Proper Zinc Coating as per Bangladesh Standard Testing Institute (BSTI)
- ❖ Employ trained personnel for different process
- ❖ Training program for existing manpower

## RTF-Radiant Tube Furnace

RTF-Radiant Tube furnace is a modern technology furnace used in galvanizing process that ensures minimum environment pollution, best product quality, minimum production time and cost effectiveness. For the increasing demand Of C.I Sheet, Appollo introduced RTF project, which will be in commercial production very soon. For RTF project Appollo used world's best technology of ESMECH, a joint venture of SMS Germany. With the production of RTF line, there will be a new era of CI sheet market in Bangladesh.

Therefore when Appollo will market its RTF products under the current brand name of "Rani Marka," certainly due to brand reputation, geographical advantage, strong channel of distribution and better quality it will be advantageous for Appollo to get a brand-edge over the other brands in the market. All these favorable factors make the company the right choice to further expand the CI sheet market of Bangladesh through its most modern RTF Project. Rationale of RTF project as under:

### Justification of RTF ( Radiant Tube Furnace)Expansion Project forAppollo Ispat Complex Ltd.

#### TECHNOLOGICAL FACTORS:

- RTF is the world best, most modern, far advanced and sophisticated Technology
- Improved shininess and improved product quality.
- To ensure proper passivity by using dryer that does not allow get rust on the galvanized Sheet.
- Reduces flux formation and flux carry over the galvanized sheet minimizing galvanizing failure.
- RTF Produce a better finish and improved formability.

### ENVIRONMENTAL FACTORS:

- RTF is technologically designed for producing environment friendly product, since there will be no use of (acid, caustic soda and lead).
- No hazardous fume generates and Reduce the Carbon emission
- No use of flux (Ammonium Chloride) — that leaved smoke free working environment, Un-hazard\_ous product.

### SOCIAL & ECONOMICAL FACTOR:

- Shelter is the basic human need that will never be exhausted
- Product quality and production capacity will increase more than 40% of the existing production
- Robust Market demand
- Longer lasting, attractive and diversified product
- May be used as Basic raw materials of Colour Coated, GP /CI sheet

### MARKET AND DEMAND FACTORS:

- A Robust market demand due to quality and durability of RTF CI Sheet
- Existing Export market of RTF CI Sheet to seven sisters of India, Myanmar, Thailand and African country will be explored
- Geographical advantages as Appollo is the only CI sheet manufacturer in Dkaka
- Excess demand in coastal areas, like Khulna, Satkhira, Bhola, Patuakhali and Feni due to salinity water.

All the above favourable factors make the company the right decision to invest in RTF CI Sheet and will make the project economically viable and financially feasible when the commercial production will be started.

### NEAR-FUTURE VIEW :

- ❖ In view of the increasing demand for steel products in Bangladesh Appollo has a plan to include the Colour Coating Sheet in its existing product line which is becoming popular all over the country and has good potentials for export to Southeast Asian countries. For this purpose a modern Colour Coating plant & equipments will be incorporated soon to be installed in the existing plant site which will be capable of manufacturing high quality corrugated colour steel sheets of Flat & Round wave and also Colour Quoted profile Sheets.
- ❖ Appollo has a plan to produce profile sheet in order to widen its business arena.

# CHAIRMAN'S MESSAGE

Dear Shareholders,

Assalamualaikum

I feel privileged to have the opportunity to welcome you on behalf of the board of Directors to this 25th Annual general Meeting of your company and to present you the Audited Financial Statements for the year ended on 30th June, 2019 and Auditors and Directors Report thereon.

As I address you today, it is with a heavy heart and a deep sense of responsibility that I must share the challenges our company has faced during the financial years 2018-19.

The financial year 2017-18 was already a challenging one, but regrettably, the difficulties have continued into this year. The sharp rise in raw material prices, coupled with an uncalculated and poorly managed plan for the NOF project by the management of our company, resulted in significant delays in its commencement. A project that was originally envisioned to be operational within two years took nearly seven years to complete.

While we had high hopes for this year and anticipated a positive outcome, the prolonged delay in the project created a vacuum that we were unable to fill. Despite some profit in the previous year, the company has suffered significant declines and losses this year, as reflected in the income statements and balance sheet.

As per the balance sheet, the total assets of the company stand at Tk. 13,58,30,64,302, of which property, plant, and equipment account for Tk. 496,52,82,955. The remaining current assets amount to Tk. 8,51,75,22,647, and non-current assets stand at Tk. 5,06,55,41,655. However, total liabilities for the year 2019 amount to Tk. 6,64,21,44,020.

In light of the significant losses we have experienced, it is with great regret that I must inform you that we are unable to declare any dividend for the year ended 30th June 2019.

For over three decades, Appollo Ispat Complex Ltd. has proudly served the market, building relationships with our shareholders, partners, and stakeholders. Today, as we face these hard times, I humbly request your understanding and support. We, too, are victims of circumstances beyond our control, and we are committed to navigating this storm with resilience and determination.

Finally, I would like to take this opportunity to express my sincere and heartfelt gratitude to our esteemed shareholders, valued customers, bankers, financial institutions, suppliers, employees, government agencies, the BSEC, DSE, CSE, RJSC, CDBL, and other regulatory bodies. Your continued support and cooperation have been a source of strength for us, and we remain steadfast in our commitment to overcoming these challenges.

Sincerely Yours,  
**DEEN MOHAMMAD**  
Chairman

# MANAGING DIRECTOR

Dear Shareholders,

AssalamuAlaikum,

It is both an honor and a privilege to welcome you to the 25th Annual General Meeting of APPOLLO ISPAT COMPLEX LTD. and to present the Annual Report for the year 2018-2019.

In 2011, our company undertook a significant and ambitious initiative by initiating a Letter of Credit (LC) to heavily invest in a new project—the Non-Oxidized Furnace (NOF). This green project was envisioned to revolutionize the production of C.I. Sheets by eliminating the need for lead consumption, making the process not only cost-efficient but also environmentally sustainable. The project was expected to lower production costs and allow us to offer more competitively priced products.

Our management team anticipated a significant breakthrough, assuring us that the project would be completed within two years. Upon its completion, it was projected that we would achieve a production capacity of 6,000 tons of CR Coil per month at reduced costs.

However, the reality fell short of our expectations. Due to shortcomings in foresight and planning, coupled with challenges such as insufficient working capital and the unavailability of raw materials, the completion of the NOF project was delayed by almost seven years. This prolonged timeline created an operational and financial vacuum that we were unable to recover from, ultimately preventing us from meeting the expectations of our valued shareholders.

Reflecting on this, I realize that perhaps I should have heeded the advice of the younger management team, who advocated for the introduction of professional management early on. Their insights may have guided APPOLLO ISPAT COMPLEX LTD. through these challenges and positioned it for sustainable success.

At my current age, I must admit that it has become increasingly difficult for me to actively engage in the day-to-day operations of the company or contribute to the best of my abilities. Recognizing this, I believe it is now in the company's best interest to entrust its future to the capable hands of the younger board members. I am confident in their ability to steer APPOLLO ISPAT COMPLEX LTD. towards a brighter future, armed with the lessons of the past and the energy to innovate and grow.

Concluding my message to you all, I would like to offer my heartiest thanks and gratitude to our esteemed shareholders, Employees, Dealers, Financial Institutions, Bankers, Govt. Authorities, BSEC, DSE, CSE, RJSCF, CDBL and foremost to our customers for their consistent support to the company. I hope your continued association with the company will help in its endeavors towards bigger achievement in the days to come.

Thank you for your continued support and trust in APPOLLO ISPAT COMPLEX LTD.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'MD. ANSAR ALI'. The signature is stylized and somewhat cursive.

**MD. ANSAR ALI**  
Managing Director

# DIRECTORS REPORT

SHIELDING THE FUTURE

## Dear Shareholders,

Your directors have the immense pleasure in presenting their 25th Annual Report to you together with the Audit-ed Financial Statements of the company for the financial year ended 30th June 2019. This report has been made in compliance with Section 184 of The Companies Act 1994 and the Bangladesh Securities Exchange Commission (BSEC) Notification No. BSEC/CMRRCD/2003-109/229/Admin/98. dated 25th July 2019.

## INDUSTRY OUTLOOK AND POSSIBLE FUTURE DEVELOPMENTS IN THE INDUSTRY

Steel industry of Bangladesh is emerging as one of the major industrial sectors of the country. As a sub-sector of this industry, it consists of Cold Rolled Coil, Corrugated Galvanized Iron sheet and Galvanized Plain sheet which are commonly used in roofing, fencing in both residential and industrial purposes.

The Bangladesh economy, classified as one of the eleven emerging market in the world. During this decade.

Controlled inflation, continued inward remittances, record foreign reserve, increased per capita income helped the economy to stand on a steady position. As a result, overall development in socioeconomic indicator and changing lifestyle of the people tend to consume more CI sheet and GP sheet as their housing materials.

Since it is a booming economy, its infrastructural development demands huge quantity of steel in different formats like CR coil, CI sheet and GP sheet, etc. In Bangladesh, around 81% in the

roofing and 42% in the fencing of the total households in rural and semi-urban areas are constructed with CI sheet and GP sheet. Besides, various Government projects, NGO's initiative, Agro-based farm and Industrial unit use a substantial volume of CI/GP sheet for fencing and roofing within economic price.

Being underdeveloped infrastructure, the industry has a massive opportunity to grow having a huge demand in the local market. Current producers are able to satisfy the demand of the domestic market as well as some companies have already started to export in different countries and government has already declared 10% cash incentive on Export of CI sheets.

To meet the competitive challenges, Apollo Ispat Complex Ltd. has introduced 60,000 MT capacity most advanced Radiant Tube Furnace (RTF) technology based Galvanizing plant on April 2018 which is anticipated to be contributed 50% of total expected sales volume. Moreover, Apollo Ispat is looking forward to launch diversified steel products through the upcoming trend and advanced technology.

## PRINCIPAL ACTIVITIES

Apollo Ispat Complex Limited is mainly engaged in manufacturing and marketing of Cold Rolled Coil (C.R Coil), Galvanized Plain Sheet (G. P Sheet), Corrugated Galvanized Iron (C.G.I. Sheet) and RTF NOF Galvanizing Sheet from Imported Hot Rolled Coil mainly from Japan, Korea, China and other H.R coil manufacturing countries since its beginning.

## Operational Performance

Particulars	2018-19	2017-18	2018-17
Installed Capacity (MT)			
CRM Unit	120,000	120,000	120,000
CGL-Unit-1	60,000	60,000	60,000
CGL-Unit-2	80,000	80,000	80,000
NOF CGL	60,000	-	-
Production (MT)	32,714	65,790	69,791
Capacity Utilization	23.36%	46.99%	49.85%

The reason for low performance in 2017-2018 is mainly due to increase in price of the main raw materials H.R.Coil and Zinc Ingot in the international Market. As a result the turnover was also low as compared to earlier years.

## PRODUCTION REVIEW

### a) Existing Capacity:

Annual Production capacity of Cold Rolled Manufacturing (CRM) Unit is 120,000.00 MT and production capacity of Continuous Galvanizing Line, Unit-I and Unit-II are consecutively 60,000 MT and 80,000 MT.

### b) Expansion Unit:

The company's production capacity has increased by another 60,000 MT with the introduction of world best technology of Radiant Tube Furnace (RTF) Galvanizing Line. Eighty percent utilization of expansion unit capacity will increase turnover of Tk.510 Crore per year.

Production of RTF-CGL stopped since May 07,2018 and will start further production after sourcing HR Coil and Zinc Ingot.

## Segment/Product Wise Report

The segment wise sales volume as under:

Particulars	2017-18	2018-19
CI Sheet	2,738,123,555	14,69,54,511

#### INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

Information and Communication Technology (ICT) plays an important role towards the management of bulk amount of data, facts and figures, the production of real time information and help to operate and manage our business and to connect our customer faster. ICT helps us to excel our expected growth in achieving the company's objectives. We have established a separate ICT department staffed with experienced computer professionals who are responsible for the overall management of ICT within the company and to explore ideas in IT base operation.

#### HUMAN RESOURCE MANAGEMENT

Apollo Ispat Complex Limited performs its functional activities by a team of experienced professionals, well educated, highly qualified and trained management. Our human capital is our strength as well as our core competence.

1. **Training and Development:** AICL believes that it is important to provide our employees with a learning experience while they are working for us so as to foster their professional development and enhance their capabilities. We offer regular training programs for our employees and workers by organizing workshops, seminars and demonstrations. In the past year in-house

training program has been arranged for our employees as well as holding several work-shops for sales team to improve their performance in the markets.

2. **Empowerment:** We believe in empowering our employees. Empowered employees care more about the success of our company. Sufficient power and authority have been given to all employees to discharge their duties efficiently. Empowered employees require less supervision, develop outstanding business ideas, work smarter and more efficiently and are happy which means they are extremely loyal.
3. **Compensation:** The Company's compensation package including salary and allowance, festival bonus, performance bonus and leave fare assistance are attractive and alluring and motivates the employees to work enthusiastically and dedicatedly. The company also has a contributory provident fund, Workers profit participation fund and Gratuity fund.
4. **Reward:** Prudent performance evaluation system, sound promotion and remuneration system and focus on nursing talent make Appollo unique and unparalleled to its stake-holders.

## 5. HEALTH AND SAFETY:

Appollo Ispat Complex Ltd. is fully committed to ensuring the safety and health of its people who work for the company. Health and Safety remains your company's number one priority. We, at Appollo Ispat, take all possible measures to ensure that all our workers, employees as well as communities within which we operate remain safe at all time. As it is engaged in manufacturing, several risk factors inherently come. Our safety measures, continuous risk assessment policy ensured a healthy and hazard free work environment for all of our workers, employees in the workplace. In this regards, a safety committee has been constituted under section- 90 of The Bangladesh Labour Code 2006 in which DGM-Plant leads the committee. The goal of your company is to set a model and establish itself as the "Best-in-Class" performance in health and safety.

## 6. REMUNERATION OF DIRECTORS

**Independent Auditor's Report  
To the Shareholders of Appollo Ispat Complex Limited  
Report on the Audit of the Financial Statements**

**Qualified Opinion:**

We have audited the financial statements of Appollo Ispat Complex Limited (the Company), which comprise the Statement of financial position as at June 30, 2019, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at June 30, 2019, and its financial performance and its cash flows for the year then ended in accordance with International Accounting Standard (IAS)/International Financial Reporting Standard (IFRS) and in compliance with the Companies Act, 1994 and other applicable laws and regulations.

**Basis for Qualified Opinion:**

- 1) The balance of inventory value at the year-end arrived of Tk. 2,401,521,615. We could not physically verify the inventories at the year end. We were unable to satisfy ourselves concerning the inventory value stated in the financial statements.
- 2) We have not obtained sufficient and appropriate audit evidence in respect of Advance, Deposit and prepayment. The financial statements of the Company contained of Tk. 2,862,652,530 in respect of Advance, Deposit and prepayment.
- 3) The financial statements of the Company contained of Tk. 3,077,231,556 of Account Receivable. We were unable to obtain required third party confirmation in respect of receivable balance. All the receivables of Company is due more than one year or more.
- 4) The company did not made provision on revaluation reserve. The balance of revaluation reserve at the year-end is Tk. 1,141,578,189. If the Company makes deferred provision on revaluation reserve then deferred tax liability shall be increased by Tk. 171,236,728 correspondingly revaluation reserve (equity balance) will be reduced by the same amount.

**Emphasis Matter of Paragraph:**

With reference to the note no. 22 of the financial statements, which shown that the sales revenue of the company has been fallen significantly during the year. Consequently, the contribution made from sales unable to absorb all fixed cost and one off cost, e.g. Accounts Receivable written off, and hence the made huge loss during the year.

**Key Audit Matters:**

Risk	Our response
<b>Revenue recognition</b>	
<p>At the year ended, the company's reported total revenue of Tk. 185 crore.</p> <p>Time of revenue recognition is matter. Considering the other inherent risk of the existence and the accuracy on revenue recognition, the revenue has been selected as key audit matter.</p>	<p>We have tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> <li>• Policy of revenue recognition.</li> <li>• Issuance of VAT challan;</li> <li>• Segregation of duties in invoice creation and modification; and</li> <li>• Timing of revenue recognition.</li> </ul> <p>Our substantive procedures in relation to the revenue recognition comprises the following:</p> <ul style="list-style-type: none"> <li>• Obtaining supporting documentation for sales transactions recorded either side of year end as well as credit notes issued after the year end date to determine whether revenue was recognized in the correct period;</li> <li>• Critically assessing manual journals posted to revenue to identify unusual or irregular items; and</li> <li>• Finally assessed the appropriateness and presentation of disclosures against relevant accounting Standards.</li> </ul>
Please see the note no. 22 in these financial statements.	
<b>Valuation of inventory</b>	
<p>The balance of inventory of the Company at the year-end was Tk. 240 crore held in the company's store.</p> <p>Inventories are carried at the lower of cost and net realizable value. As a result, the Management's apply judgment in determining the appropriate values for slow-moving or obsolete items.</p>	<p>We challenged the appropriateness of management's assumptions applied in calculating the value of the inventory and related provisions by:</p> <ul style="list-style-type: none"> <li>• evaluating the design and implementation of key inventory controls operating across the Company in respect of inventory management;</li> <li>• to attend the physical inventory counts and reconciling the count results to the inventory listings to test the completeness of data;</li> <li>• to review the inventory costing procedures and methodology.</li> <li>• comparing the net realizable value, obtained through a detailed review of sales subsequent to the year-end, to the cost price of a sample of inventories and comparison to the associated provision to assess whether inventory provisions are complete;</li> <li>• reviewing the historical accuracy of inventory provisioning, and the level of inventory write-offs during the year; and</li> <li>• Challenging the completeness of inventory provisions through assessing actual and forecast sales of inventory lines to assess whether provisions for slow-moving/obsolete stock are valid and complete.</li> </ul>
Please see the note no. 6 in these financial statements.	

Risk	Our response
<b>Measurement and recognition of deferred tax</b>	
<p>The balance of reported deferred tax liability of the company was Tk. 0.79 crore as on June 30, 2019.</p> <p>The risk for the financial statements is that these provisions are not properly measured for all types of temporary difference as per IAS 12: Income Tax.</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Company's key controls over the recognition and measurement of deferred tax.</p> <p>We have assessed the appropriateness of the carrying amounts of net asset value as per tax base and accounting base.</p> <p>We have also assessed the rate of deferred for each temporary difference.</p> <p>Also, we examined the accounting treatment of deferred tax.</p>
Please see the note no. 20 in these financial statements.	

**Other Information:**

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. We have not been provided the Director's report and other information contained within the annual report except the financial statements to the date of our auditor's report. We expect to obtain the remaining reports of the Annual report after the date of our auditor's report. Management is responsible for the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon as we have not been provided other information.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as explained, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

- a) we have not obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books;
- c) the Statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are unable to check the agreement, in some respects, with the books of accounts and returns; and
- d) the expenditure incurred was for the purposes of the Company's business.
